Film Synopsis

What do you remember from high school? Was it the highlight or low point of life? Everyone may have different answers to these questions. The same can be said of Calvin Joyner (Kevin Hart) and Robbie Weirlicht (Dwayne Johnson) who had very divergent high school memories. Calvin was voted most likely to succeed and Robbie was bullied because of his size. After graduating from university and marrying his high school sweetheart, Calvin finds himself in an unfulfilling accounting job and living a life filled with regrets. As their 20th high school reunion approaches, he is contacted by someone who says he is an old classmate named Bob Stone. After meeting up with Bob, Calvin realises that this stranger is the former bullied classmate, Robbie, who has transformed himself into a physical colossus. As they get reacquainted and build a friendship, Bob asks Calvin tap into his accounting skills to help him with an international payroll issue. After agreeing to assist his strange new friend, Calvin realises that he has been enlisted to help in an international security issue and that Bob is a CIA agent. Without realising it, Calvin's small gesture of support causes him to be pulled into an internal battle within the agency and he has to determine who to trust.
